The U.S. Department of Agriculture has evidence that on or about the date(s) listed below, you or your organization committed violations of the following sections of the Code of Federal Regulations, Title 9:

Date(s): May 05, 2016, January 28, 2016, August 05, 2015, June 10, 2015 and March 19, 2015

§ 2.40(b)(2) - Attending veterinarian and adequate veterinary care (dealers and exhibitors). (DIRECT)

Each dealer or exhibitor shall establish and maintain programs of adequate veterinary care that include: the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries, and the availability of emergency, weekend, and holiday care.

Date(s): June 26, 2015, June 10, 2015, March 19, 2015 and September 18, 2014

§ 3.81(a) - Environment enhancement to promote psychological well-being.

Dealers, exhibitors, and research facilities must develop, document, and follow an appropriate plan for environment enhancement adequate to promote the psychological well-being of nonhuman primates. The plan must be in accordance with the currently accepted professional standards as cited in appropriate professional journals or reference guides, and as directed by the attending veterinarian. This plan must be made available to APHIS upon request, and, in the case of research facilities, to officials of any pertinent funding agency. The plan, at a minimum, must address each of the following: *Social grouping*. The environment enhancement plan must include specific provisions to address the social needs of nonhuman primates of species known to exist in social groups in nature. Such specific provisions must be in accordance with currently accepted professional standards, as cited in appropriate professional journals or reference guides, and as directed by the attending veterinarian.

Date(s): March 19, 2015 and September 18, 2014

§ 3.131(a) - Sanitation. (DIRECT)

Cleaning of enclosures. Excreta shall be removed from primary enclosures as often as necessary to prevent contamination of the animals contained therein and to minimize disease hazards and to reduce odors. When enclosures are cleaned by hosing or flushing, adequate measures shall be taken to protect the animals confined in such enclosures from being directly sprayed with the stream of water or wetted involuntarily.

The above is not intended to be an all-inclusive list. Please know that you are responsible for ensuring that your facility, animals, and property are in compliance with the Animal Welfare regulations. Inspection reports can be found on APHIS' website at:

<https://acissearch.aphis.usda.gov/LPASearch/faces/Warning.jspx>.

The Animal and Plant Health Inspection Service (APHIS) created federal regulations to ensure the welfare of animals and help prevent the spread of animal and plant pests and diseases. Since violations of the regulations can have serious and costly impacts that are detrimental to the public interest, APHIS is providing you with an Official Warning for the violation(s) described above. Any further violation of these federal regulations may result in the assessment of a civil penalty, criminal prosecution, or other sanctions. If you have any questions concerning this Official Warning or violation(s), please contact the APHIS official listed in this notice.
